

## Request a voluntary gaming ban

Dear Sir or Madam,

I hereby request a voluntary gaming ban for all Swiss casinos. I have taken note of the fact that

- This gambling ban applies for an indefinite period and can be lifted at the earliest after three months.
- I must notify the casino immediately of any change of name.
- Attempts to violate the gambling ban may result in legal action by the casino (report for trespassing).
- This exclusion applies to all casino games (in casinos and on the internet) and at the same time also to major online games (lotteries, betting, games of skill) throughout Switzerland.

The decision to lift the gambling ban lies with the casino that registered the gambling ban on the basis of my application.
